GENERAL SECRETARY.

M. Venkatesa Iyengar, Esq., M.A.,
General Secretary to the Government of Mysore,
BANGALORE.

SIR,

Construction of a new Mosque in Haveli Mohalla, Kolar Town.

In forwarding herewith a copy of letter No.A2-C.C.1454/35-36 dated 15th May 1936 received from the Deputy Commissioner, Kolar District, soliciting sanction to the construction of a Mosque at Haveli Mohalla, as prayed for by the members of Jamaat of the Mohalla of Kolar Town, I have the honor to state as follows:-

The Deputy Commissioner, after personal inspection, states, in his letter No.A2-C.4746/35-36 dated 18-7-1937 (copy enclosed) that there are a few stray Hindu houses in the street in which the new Mosque is proposed to be built; but, that a majority of houses in the vicinity belong to Mahomedans, that the Hindus have no objection to the construction of the Mosque, provided that their right of taking processions with music is not interfered with, and that, a few persons who object to the constructions, are persons belonging to Kilkote Masjid and are not of much consequence and their objection is not also tenable. It is, further, stated that Mahomedan residents of Haveli are agreeable to the main entrance of the Mosque being located towards the south and to put up a tablet at their cost.

Both the Sub Division Officer and the Deputy Commissioner recommend that permission may be granted.

A fresh mutchalika on a stamp paper embodying the conditions that no obstruction would be caused to the passing of religious or other processions with music of any community on any occasion, that there would be no objection to the construction, in the vicinity, of any

religious building of any other persuasion, and that, a stone table would be put up in front of the Masjid with an inscription of the above two conditions mentioning the date of construction, has been obtained from the parties concerned.

I request that sanction of Government may kindly be obtained to the construction of the Mosque.

The file of vernacular records along with the mutchalika is sent herewith for reference and return,

I have the honor to be,

Sir,

Your most obedient servant

Huzrai Commissioner.

Subject:- Construction of a new Mosque in Haveli Mahalla, Kolar Town, -- requests sanction.

In enclosing herein, the file of vernacular correspondence received with the Kolar Sub Division Officer's memo No.Muz.C.1973/35-36 dated the 5th May 1936, regarding the construction of a new Mosque in Haveli Mohalla, Kolar Town, I have the honour to state as follows:

1. On 28th March 1935, the members of Jamaat of Haveli Mohalla of Kolar Town presented a petition to the Deputy Commissioner, praying for permission to construct a mosque in their mohalla as there is no mosque nearby for them to offer prayers and as they feel it inconvenient to go to a distant mosque after a long day's work. Two gentlemen viz., Hussain Khan Saheb and Syed Mohadeen Saheb have given a land of their own free for the construction of a new mosque and they request that their prayer may be granted as there are no houses belonging to other communities in the vicinity and there is hardly any objection to this from any one.

2. This petition having been forwarded to the Amildar for report through the Sub Division Officer, the Amildar, after inspection of the spot subritted in his report No.Muz.C.102/35-36 dated 4th August 1935 a mahazar drawn up by the principal residents of the locality -- both Hindus and Mussalmans to the effect that there is no objection to the construction of a new mosque at the place selected provided that no new rights are claimed as a result of the construction, enclosed in the file (Flag C).

3. On 9th August 1935, some ten mussalman residents of that mohalla presented a petition (Flag D) to the Sub Division Officer, Kolar, objecting to the construction of a new mosque at the said place on the ground that this will create quarrels in that community. This petition on being referred to the Amildar, for enquiry, notices were issued to all the ten signatories to the petition to appear before the Amildar on 4th September 1935 for recording their statements. In response to the notices, three of them appeared before the Amildar on 4th September 1935 and their statement was recorded in which they

objected

objected to the construction of a new mosque on the same ground as originally stated by them in their objection petition of 9th August 1935(Flag D). The other signatories to the petition appeared before the Amildar on 5th May 1936. Four of them objected (Flag E) to the construction of the new mosque and the other three have stated (Flag that one Mahomed Jaffer Sab misrepresenting that the petition was for putting up taps, etc., got their signatures and ~~they~~ they are quite agreeable to the construction of the mosque.

4. The Sub Division Officer, inspected the locality with the Amildar on 11th April 1936 and while recommending the construction reports (Flag G) that out of the ten signatories, eight persons - appeared in response to the notices issued, five of them object to the construction as it will create a split etc., the three signatories say that their signatures were taken by misrepresenting facts and that they have no objection to the construction, that of the remaining two signatories, one is too old and the other is undergoing imprisonment.

5. It is thus clear from the record that the Muslims of Naveli Mohalla wish to construct a mosque for their use and the spot has been inspected by both the Amildar and the Sub Division Officer. As reported by the Sub Division Officer, the objection petition sent by some muslims whose number does not exceed five seem to be the work of very few mischief-mongers who appear to have taken the signatures of others by misrepresentation.

I am satisfied from the record that there does exist a need for mosque for the people and recommend that permission may therefore be granted to the construction of a new mosque on the spot shown in the sketch (Flag H).

6. It is however necessary to avoid any kind of trouble in futu although the record shows that no Hindu processions are likely to pa in that road, a muchalika should be taken from the persons intereste in the construction of the mosque that no objection of any kind shou be raised to the passing of music in front of the mosque. This cond tion should also be mentioned in the license and a tablet to this

effect

effect also put up accordingly.

I request early sanction in the matter under Cl.(v) of I. under powers delegated to the Muzrai Commissioner in Government Order No.1568-1617/Muz: 248-32-3 dated 8th May 1933.

concerned have collected the materials required and. as Mustapha Saheb, the leading Mahomedan gentleman of Kolar is them, there could be no doubt that the building will come in existence very soon after sanction is accorded.
